- Ventilated to ensure airflow and drainage
- Resists stains, chemicals, mold and mildew
- Easily installed
- Easy to maintain
- For use in garage, basement, shed, deck and patio

We add a finishing touch to our Designer Garages with our FINISHFloor!

Designer Garage FINISHCabinets™

FINISHCabinets are the next generation cabinet for storage space transformation. The adjustable shelves allow for custom storage space to suit your needs. These open back cabinets also allow for use of the FINISHWall behind it. Designer Garage FINISHCabinets are built tough to withstand extreme heat, cold, and humidity of a rugged work environment. Built with a wood core, covered in a durable melamine finish and heat pressed PVC edging, the cabinet will never rust, rot or degrade over time.

Available in 3 sizes:

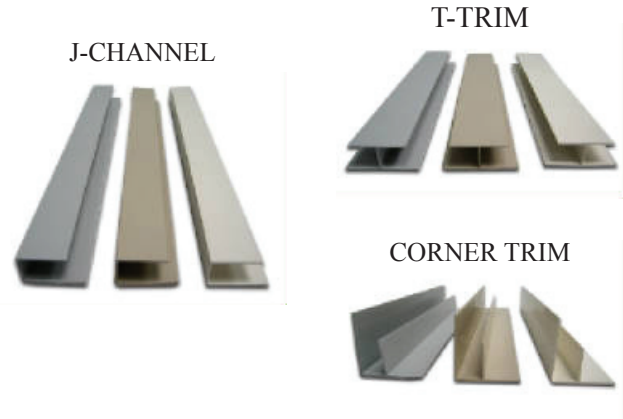

- 24 - 24" High x 30" Wide x 16" Deep
- 48 - 48" High x 30" Wide x 16" Deep
- 72 - 72" High x 30" Wide x 16" Deep

Mounts right to FINISHWall so that everything is truly up off the floor and out of the way.

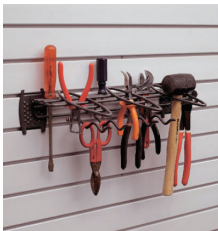

Designer Garage FINISHTrim™

- J-Channel surrounds and caps off FINISHWall panel on the bottom, top, and sides to make a nice finish around any door or window
- T-Trim conjoins two pieces of FINISHWall panel together so there is never an open seam in the center of you wall
- Corner trim which can be used as an inside or outside corner completes the look around any two combined walls

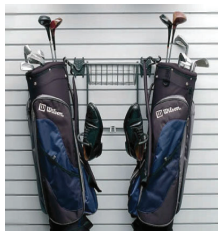

Designer Garage FINISHAccessories™

From sports gear to shop and garden tools the Designer Garage specialty accessories allow you to create a storage solution with unmatched versatility. The precise engineering that has gone into the manufacturing of our accessories allows you to safely hang almost anything up and out of the way with the security of knowing it has been successfully tried and tested by thousands of homeowners nation wide.
