wood look,
that will last for
years to come!*

Stain-Finishes

*Available on Heritage™
Fiberglass and Legacy™
Woodgrain Textured
Steel Entry Systems.*

Heritage™ Fiberglass and Legacy™ Woodgrain Textured Steel Entry Systems

Your entryway will come alive with a ProVia entry system finished in one of our exquisite stain colors. Experienced craftsmen will carefully hand-apply stain to your fiberglass or woodgrain textured steel door, bringing out the subtle color variations that you would expect to see in a wood door. Once the stain has been oven cured, your door will receive an ultraviolet protective clearcoat to combat the elements. The end result will be an entry system that beautifully accentuates your home.

- *Hand-applied at our factory*
- *Oven-cured for lasting durability*

**Heritage™
Fiberglass**

**Legacy™ 20-gauge
Woodgrain Textured Steel**

**Legacy™ 22-gauge
Woodgrain Textured Steel**

Photos above are intended to show the variations in woodgrain texture and pattern. Swatches below are not intended for final color selection. Ask to see a Stain Selector for accurate color representation.

ProVia[®]
THE PROFESSIONAL WAY

DuraFuse™ Stain Finishing System

- 1** **P³ Fusion** Proprietary Preparation Processes ensuring unprecedented finish durability
- 2** **Stain Finish** Hand-applied finish formulated exclusively for Signet fiberglass
- 3** **UV Resistant Clear Coat** A layer of 2-part urethane, catalyst hardened clear coat with UV inhibitors is applied
- 4** **Oven-Cured** Clear coat is oven-cured for lasting durability
- 5** **Hand-Sanded** The door is sanded, preparing the surface for the second layer of clear coat
- 6** **UV Resistant Clear Coat** A second layer of 2-part urethane, catalyst hardened clear coat with UV inhibitors is applied
- 7** **Oven-Cured** The door is oven-cured a second time, creating a long-lasting, durable finish

Stains are hand-applied by professionals.
