A legacy of integrity.

Exterior Portfolio by Crane is recognized as the category leader in innovative exterior design products and tools for remodelers, contractors, architects, builders and homeowners. The company was the first to introduce innovations like CraneBoard® Solid CoRe Siding®, BellaStone® and Architectural Essentials™ trim and accessories to the siding industry. Exterior Portfolio's online visualizer tool, Dream Designer, sets the standard for demonstrating how to mix and match textures, colors and styles to create great exterior design.

Highlight your exterior.

Beaded siding has long been a signature of prestige for exquisite homes. Carolina Sands® is no exception. Its authentic, handcrafted, wood appearance gives Carolina Sands a crisp, appealing silhouette that is as stunning from the curb as it is up close. Its attractive 6” plank design matches the traditional width of fine, beaded wood siding. Best of all, Carolina Sands has been carefully designed to withstand the harshest weather conditions while retaining its exceptional allure.

Accents to make your home complete.

Architectural Essentials® are the decorative window and corner systems, trim boards, crown moldings and other details that pull your entire exterior together. Made to match the aesthetics, quality and efficiency of Exterior Portfolio® by Crane, its attractive, soft brushed finish looks like real painted wood trim. Architectural Essentials cover every area of your home, providing the perfect final touch. Most Architectural Essentials Accessories are available in the same gorgeous smart style color options as Carolina Sands®. All are engineered to fit smoothly with any Carolina Sands design style you choose.
