• A selling opportunity that covers the spectrum.

Aesthetics of wood.
Performance of fiberglass.
A smooth, paintable door.

Canvas Collection®

For years, Classic-Craft doors have defined beauty, security and durability for fiberglass doors. Now the Classic-Craft Canvas Collection delivers all of the performance of Classic-Craft in a smooth, paintable fiberglass door that features the crisp, rich embossment details of custom wood. Versatile enough to be painted inside or out to match any home décor, this collection features 15 incredible door styles with 12 decorative, 4 privacy glass and clear Low-E glass options to meet the demands of today's market.

Extraordinary in every detail.

When you want the best, the entry door brand to recommend is Classic-Craft. Thermo-Tru's premium collections blend precision-engineered features with architecturally correct details to create entryways that perform as exceptionally as they look – instilling confidence and peace of mind. Here are a few reasons why:

- Architecturally correct design – up to 25% wider panels.*
- Deeper, custom-wood like embossments.
- Solid hardwood square edges.
- 20% heavier construction.*
- Top and bottom composite rails.
- Thicker fiberglass skins.
- 4-1/8" LSL full length lockstile for added weight and rigidity.
- More than 10% wider glass.*
- ENERGY STAR® qualified.
- Limited lifetime warranty – doors and glass.**
- Available Tru-Defense integrated entryway system.**
- Classic-Craft entryways are rated a *Consumers Digest* Best Buy.

Differentiating your business.

You've never offered a door like this ... because there has never been a door like Canvas. This top-selling, growing premium line now offers more than 300 possible door and glass combinations to fit more openings and win more business. The collection of available door styles nearly doubles in size with the new 6'8" and 8'0" door style additions, as well as the new Lucerna™ decorative glass for 2013.

Canvas delivers a differentiated fiberglass product that can command higher margins and improve your sales mix, delivering a high-performing alternative to custom wood and heavy-gauge steel.
